Spider Opens New Rental & Sales Operation Center in San Diego

Seattle, WA - Spider, a division of SafeWorks, LLC, is pleased to announce the opening of its newest operation center in San Diego, California. This will be Spider's twenty-fourth full-service facility in North America, providing suspended scaffolding equipment for sale and rent, permanent installation solutions, and a complete line of safety products.

"Now up, running and equipped with the largest rental fleet in the industry, this new facility enables Spider to better serve its customers in the San Diego and Orange County areas. An experienced Spider sales and operations team is ready to provide new customers in this area of booming construction activity with quality equipment and safety solutions and attentive service," states Spider's Vice President of Sales & Distribution, John Sotiroff.

The new facility is located at 9080 Activity Road, Suite B in San Diego and can be reached at 877-774-3370 toll-free, 858-653-0223 locally or via email to sandiego@safeworks.com. Also, a 24-hour hotline is available to assist customers with rare after-hours situations.

We look forward to welcoming current and prospective customers to our customer appreciation event later this spring, which will include facility tours, team introductions, lunch and door prizes.

About Spider:

Founded in 1946, Spider, a division of SafeWorks, LLC, created the powered suspended access business by introducing the well-known Spider basket. Since then, our product and service offering has expanded greatly to serve the needs of an ever-growing marketplace. Spider is the largest manufacturer and distributor of access and safety solutions in North America, serving more customers from more locations with a wider variety of products and services than any other company. From baskets, traction hoist and platform rental, to safety and training, to specialty engineered products - Spider has a strong team of professionals, along with a national network of sales, service and support capabilities to provide you with the most reliable access solutions available.
