## **Power Climber Wind Announces 100% AHJ Approval Rating on its Service Lifts**

SEATTLE/BRUSSELS—Power Climber Wind, a division of SafeWorks, LLC, is pleased to announce its Turbine Service Lifts (TSLs) Safety Code Approvals in every jurisdiction applied for - 23 states and provinces in North America and counting.

Power Climber Wind has a 100% success rate on required provincial and state approvals in North America, bringing peace of mind to OEMs and wind plant owners.

“Investing our engineering talent in this assurance for service lift owners and helping them navigate the approval process is just what you’d expect from the market leader,” comments Greg Crew, Global Product Manager.

Power Climber Wind, a market leader and founding member of the AWEA Safety, and ASME A17.1 CSA /B44.1 Safety Codes for Wind Turbine Elevators committees has helped lead the development of safety codes and standards for TSLs and has been recognized by the National Association of Elevator Safety Authorities (NAESA) as a training resource for its safety inspectors.
